- Five days before Passover would have been Friday not the traditional date for the Procession with Palms.
 The Annual Feast Day (Mk 16:1) fell on Nisan 15 and the normal Sabbath (Lk 23:56) fell on Nisan 17, leaving the women all day Nisan 16 to buy spices.
- 3 Exactly 72 hours would have transpired from Jesus' burial at the end of Passover (Nisan 14) to His resurrection at the end of the normal Sabbath (Nisan 17) - in conformance with Matthew 12:40.
