NOTES

Fundamental Axioms of Biblical chronology:

(a) The Bible is the only authority regarding its own chronology, and therefore extra-Biblical sources cannot be used to "correct" the Biblical information. Extra-Biblical sources can be used, however, to supplement the Biblical information providing that the results are reasonable.

(b) In the transition from any segment to its successor within the main chronological line from Creation in 0 AM to the death of Messiah in 4009 AM, the last year touched by the segment is assigned to the segment in its entirety, and the next year becomes the succeeding segment's year 1. For example: if a king reigns until the 3rd month of year 2050, year 2050 becomes the last year of his reign, and year 2051 becomes the first year of his successor's reign.

0   Creation:
